NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY. THIS NOTICE APPLIES TO SELF-INSURED GROUP HEALTH PLANS OF Trefethen Family Vineyards, IF ANY, AS WELL AS ANY HEALTH PLAN INFORMATION THAT Trefethen Family Vineyards MAINTAINS OR HANDLES IN ITS OFFICES IN CONNECTION WITH ITS FULLY-INSURED GROUP HEALTH PLANS, IF ANY.

Our Company's Pledge to You

This notice is intended to inform you of the privacy practices followed by **Trefethen Family Vineyards** (the Plan) and the Plan's legal obligations regarding your protected health information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). The notice also explains the privacy rights you and your family members have as participants of the Plan. It is effective on December 8, 2014. The Plan often needs access to your protected health information in order to provide payment for health services and perform plan administrative functions. We want to assure the participants covered under the Plan that we comply with federal privacy laws and respect your right to privacy. **Trefethen Family Vineyards** requires all members of our workforce and third parties that are provided access to protected health information to comply with the privacy practices outlined below.

Protected Health Information

Your protected health information is protected by the HIPAA Privacy Rule. Generally, protected health information is information that identifies an individual created or received by a health care provider, health plan or an employer on behalf of a group health plan that relates to physical or mental health conditions, provision of health care, or payment for health care, whether past, present or future.

How We May Use Your Protected Health Information

Under the HIPAA Privacy Rule, we may use or disclose your protected health information for certain purposes without your permission. This section describes the ways we can use and disclose your protected health information.

Payment. We use or disclose your protected health information without your written authorization in order to determine eligibility for benefits, seek reimbursement from a third party, or coordinate benefits with another health plan under which you are covered. For example, a health care provider that provided treatment to you will provide us with your health information. We use that information in order to determine whether those services are eligible for payment under our group health plan.

Health Care Operations. We use and disclose your protected health information in order to perform plan administration functions such as quality assurance activities, resolution of internal grievances, and evaluating plan performance. For example, we review claims experience in order to understand participant utilization and to make plan design changes that are intended to control health care costs. However, we are prohibited from using or disclosing protected health information that is genetic information for our underwriting purposes. **This does not apply to long term care plans.**

Treatment. Although the law allows use and disclosure of your protected health information for purposes of treatment, as a health plan we generally do not need to disclose your information for treatment purposes. Your physician or health care provider is required to provide you with an explanation of how they use and share your health information for purposes of treatment, payment, and health care operations.

To Business Associates. We may enter into contracts with entities known as Business Associates that provide services to or perform functions on behalf of the Plan. We may disclose protected health information to Business Associates once they have agreed in writing to safeguard the protected health information. For example, we may disclose your protected health information to a Business Associate to administer claims. Business Associates are also required by law to protect protected health information.

To the Plan Sponsor. We may disclose protected health information to certain employees of **Trefethen Family Vineyards** for the purpose of administering the Plan. These employees will use or disclose the protected health information only as necessary to perform plan administration functions or as otherwise required by HIPAA, unless you have authorized additional disclosures. Your protected health information cannot be used for employment purposes without your specific authorization.

Organ and Tissue Donation Requests. We can share health information about you with organ procurement organizations. We can also share information with a coroner, medical examiner, or funeral director when an individual dies.

Pursuant to your Authorization. When required by law, we will ask for your written authorization before using or disclosing your protected health information. Uses and disclosures not described in this notice will only be made with your written authorization. Subject to some limited exceptions, your written authorization is required for the sale of protected health information, the use or disclosure of protected health information for marketing purposes. If you choose to sign an authorization to disclose information, you can later revoke that authorization to prevent any future uses or disclosures.

As permitted or required by law. We may also use or disclose your protected health information without your written authorization for other reasons as *permitted* by law. Subject to certain requirements, we are *permitted* by law to share information without your written authorization, including but not limited to, information on health-related benefits or services that may be of interest to you, respond to a court order, provide information to further public health activities (e.g., preventing the spread of disease), provide information for research purposes, help with product recalls, report adverse reactions to medications, report suspected abuse, neglect, or domestic violence, and prevent or reduce a serious threat to anyone's health or safety. We are also permitted to share protected health information during a corporate restructuring such as a merger, sale, or acquisition.

AVAILABILITY OF SUMMARY HEALTH INFORMATION

As an employee, the health benefits available to you represent a significant component of your compensation package. They also provide important protection for you and your family in the case of illness or injury.

Your plan offers a series of health coverage options. Choosing a health coverage option is an important decision. To help you make an informed choice, your plan makes available a Summary of Benefits and Coverage (SBC), which summarizes important information about any health coverage option in a standard format, to help you compare across options.

Your SBCs are posted online. They can be found on your benefits administration system, or on Sequoia.com if you don't have one. Please contact your HR team if you have further questions.

COBRA EXTENDED COVERAGE

COBRA Rights

In compliance with COBRA, Trefethen Family Vineyards offers extended coverage for medical, dental and vision. Extended coverage is offered when coverage under these plans would otherwise end due to a qualifying event.

You and your dependents may extend coverage in these plans for 18 months if coverage is lost due to one of the qualifying events listed below. (California employees who exhaust their federal COBRA coverage and who are covered under a fully insured plan based in California may continue their medical coverage under Cal-COBRA for an additional 18 months – total of 36 months.

- Voluntary termination
- Involuntary termination (except for termination due to gross misconduct)
- Reduction of hours (strike, layoff, leave of absence [not a FMLA], and change from full-time to part-time)

COBRA coverage may be extended from 18 – 29 months for qualified beneficiaries who are deemed by the Social Security Administration to have been disabled before the end of the first 60 days of COBRA continuation coverage and who timely notify the Plan Administrator. However, once COBRA coverage ends for any reason, it will not be reinstated.

Your dependents may extend coverage for 36 months if any of the following qualifying events occur:

- Death of the employee
- Divorce or legal separation
- Dependent child ceasing to be a dependent.

Even though more than one qualifying event may occur, 36 months of extended coverage is the maximum extension available. You or your dependent(s) pay the full cost of the extended coverage you choose plus a 2% administrative fee (fee may be greater under Cal-COBRA).

Important Note

The IRS does not recognize Domestic Partners and/or children of a Domestic Partner as "Qualified Beneficiaries" for COBRA purposes. Please refer to the Summary Plan Description for specific information.

COBRA coverage will terminate due to any one for the following:

- You reach the end of your initial coverage period (18, 29, or 36 months)
- Failure to pay premiums in a timely manner (specified timelines would apply)
- You become covered under another health plan without pre-existing condition limitations, or exclusions applying to you or your beneficiaries' health
- You become entitled to Medicare
- Trefethen Family Vineyards cancels all group plans

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

WOMEN’S HEALTH AND CANCER RIGHTS ACT (WHCRA)

Your plan, as required by the Women's Health and Cancer Rights Act of 1998 (WHCRA), provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

Please see the Group Health Plans Benefit Booklet for deductibles and coinsurance for the plan you are enrolling in. If you would like more information on WHCRA benefits, call your Plan Administrator.

STATEMENT OF RIGHTS UNDER THE NEWBORNS’ AND MOTHERS’ HEALTH PROTECTION ACT (NMHPA)

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay. In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your plan administrator.

SPECIAL ENROLLMENT NOTICE

If you do not enroll yourself and your dependents in a group health plan after you become eligible or during annual enrollment, you may be able to enroll under the special enrollment rules under the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) that apply when an individual declines coverage and later wishes to elect it. Generally, special enrollment is available if (i) you declined coverage because you had other health care coverage that you have now lost through no fault of your own (or employer contributions to your other health care coverage terminate); or (ii) you have acquired a new dependent (through marriage or the birth or adoption of a child) and wish to cover that person. To the extent that your plan documents indicate that when you have previously declined coverage, you must have given (in writing) the alternative coverage as your reason for waiving coverage under the group health plan when you declined to participate, your plan documents will control. In either case, as long as you meet the necessary requirements, you can enroll both yourself and all eligible dependents in the group health plan if you provide notice of enrollment to the Plan Administrator within 30 days after you lose your alternative coverage (or employer contributions to your alternative coverage cease) or the date of your marriage or the birth, adoption, or placement for adoption of your child.

You may also enroll yourself and your dependents in a group health plan if your or one of your eligible dependent’s coverage under Medicaid or the state Children’s Health Insurance Program (CHIP) is terminated as a result of loss of eligibility, or if you or one of your eligible dependents become eligible for premium assistance under a Medicaid or CHIP plan. Under these two circumstances, the special enrollment period must be requested within 60 days of the loss of Medicaid/CHIP coverage or of the determination of eligibility for premium assistance under Medicaid/CHIP.
