Trefethen Family Vineyards is one of Napa Valley's pioneering wineries. Founded in 1968, this Napa legend remains family owned and committed to the craft of 100% estate grown wines. The family's third generation is continuing the legacy of world-class wines and responsible land stewardship. With vineyards in the cooler Oak Knoll District, their portfolio is diverse and their wines, known for being food-friendly and cellar-worthy, feature a signature brightness on the palate.
